

Student Rewards Program

The Lewisville Lake Symphony operates the Student Rewards Program in cooperation with area school districts and private music academies.

Campus music directors decide the rules for which of their students should get the free Symphony tickets. Usually they provide them to students who have shown major improvement, rehearsed diligently, or who might have their eyes opened by going to a live concert performed by professional musicians. Tickets are also given to students whose parents might not be able to afford to buy them.

Students are also given extra tickets so they can invite their chauffeuring parents to the concert.

Some music directors off-load the program to their orchestra booster club officers.

Each campus music department or local music academy should let us know how many tickets they need. Campuses usually start off with about ten tickets and later request more as the program takes off.

Some of the participating students help us at concerts by distributing programs and taking tickets.

Signing up your campus is easy.... Email us at book@lewisvillesymphony.org and tell us your school wants to participate in the Student Rewards Program. If you are a music director, include the campus postal mailing address, your name, title and your e-mail address. If you are a booster club president please let us know your school, club and phone / email contacts

Participating ISDs: Lewisville (Schools in Carrollton, Highland Village, Flower Mound, Lewisville) Dallas, Denton (Corinth)

Participating private schools in Carrollton, Coppell, Flower Mound, Lewisville, The Colony.
